

The Florida Tech Terrace

You can help ensure the continuing success of our university by contributing to the Florida Tech Terrace, a brick-paved courtyard located directly in front of the Keuper Building, surrounding the Chao Tsu-Yu Clock. This focal point of campus activity is paved with thousands of bricks, which can be inscribed with the names of individuals who contribute to this project.

We encourage alumni, students, parents, faculty, staff, sponsors and friends to participate in this unique recognition program. You may purchase an inscription for yourself, a loved one, a friend or anyone who supports our university. Fraternities, sororities, student classes, alumni reunion and other special interest groups may arrange to designate specific areas for inscriptions for their members. Proceeds will support endowed scholarships for Florida Tech students and increase opportunities for qualified students to attend our university.

Donors receive an inscribed, permanently placed brick on the Florida Tech Terrace and an officially numbered certificate suitable for framing and displaying the name inscribed on the brick.

Please note: Your donation does not constitute the purchase or transfer of any material or property. The brick will remain the property of Florida Institute of Technology and may not be removed.

Application Form

All inscriptions will be made using a standard-size font and font style. You should use standard alpha and numeric characters only (with the exception of Greek lettering for fraternities and sororities). Inscriptions have a maximum 12 standard characters per line, with a maximum of three lines per brick. The twelve characters per line limit must not be exceeded (spaces and punctuation marks count as characters). You are not obligated to use all the character spaces or all the lines available.

Please print the information exactly as you would like it to appear on the brick (one letter per line)

Donor's Name _____
