Directions to the Florida Tech Campus and NanoFlorida 2018

Route A: From I-95, take exit 176 (Palm Bay Road). Turn east on Palm Bay Road. Continue 2.3 miles to Babcock Street; turn left (north). Continue 2 miles to University Boulevard (stop light at Mobil station). Turn left (west) to the main campus. Route A on the map below is in red.

Route B: From I-95 from north of Melbourne or from Kissimmee/St. Cloud, take exit 181 (US 192) east for 6 miles to a light at Babcock Street. Turn right (south). Head south 1 mile to University Boulevard (Mobil station stop light), and then turn right (west) to the main campus. Route B on the map below is in green.

Route C: From the beachside hotels, take A1A south to US 192 West to a left (south) on Babcock Street. Head south 1 mile to University Boulevard (Mobil station stop light), and then turn right (west). Route C on the map below is in pink.

Route D: For those coming from the south, several inexpensive hotels are at the Malabar Road exit #172 on I-95. From there, head east 0.5 miles, and then turn left (north) at Babcock Street for 5 miles to University Boulevard (Mobil station stop light), and then turn left (west). Route D on the map below is in blue.
**Directions to the Florida Tech Campus and NanoFlorida 2018**

Once on Campus: From the University Boulevard/Babcock Street stop light at the Mobil station, head west on University Blvd. Turn into the first big parking lot on the left. Do a quick right, and then the 2nd left (south) parallel to the Olin Engineering Center. Park anywhere in a non-reserved parking spot. The map below shows locations of buildings and rooms for NanoFlorida 2018 events.
